14/12/18 Open Afternoon
19/12/18 Christmas Lunch

Science

Our fascinating **Brain Week** will begin the week commencing 29/10/28. During this week we will be thinking about thinking- how do we exercise and challenge our brains!

Our science topic this term will be:

States of Matter

"It's a bit gassy!", "Let's make it rain!"

We will be exploring solids, liquids and gases in our new science topic and investigating condensation and evaporation for ourselves!

Sports

The house competition for this term is **Lacrosse!** The children will learn the skills of the sport every week before taking part in a tournament at the end of term! The second sport we will learn this term is **hockey**. 4B will continue to go swimming as their second sport.

Art - Exploring Colour, Tints and Shades ,
THEME Movement and Migration (Refugee Art)

CURRICULUM OFFER

YEAR 4

AUTUMN 2 2018

Power of Reading- Friend or Foe

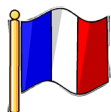

There was nothing threatening or frightening about them, they were just two exhausted, pale-looking men.' Our power of reading class reader this term will be this thoughtful and emotional book. It will help us explore how it feels to be evacuated both in the past and present i.e. from the point of view of two city boys David and Tucky and also as a modern refugee.

Humanities/ MFL

HISTORY DAY ON ANGLO-SAXONS

We will be having an exciting special day on 30/11/18, learning about the Anglo-saxons—who were they, how did they live? What do we know about them?

We will continue learning French vocabulary on "Chatterbox" in the ICT suite.

Music - Ukulele! We will be building on the skills learnt from Year 3 and we will learn the chords C, F, G7 and Am and have fun singing songs and playing the ukulele.

Trips and Visits

Please join us for our open Afternoon on Tuesday 14th December at 2:45pm. This will give you an opportunity to see what the children have learnt throughout the term; and look through the children's books.

We are also thoroughly excited for our 'Theatre In Education' Day and our Peterborough Museum Trip. Details of these trips will be sent by Parentmail.

Maths: Multiplication, Division and Area

Our focus in Maths will be on using existing skills to master the formal written methods of multiplication and short division. Then, we will be applying these skills to find the area of rectilinear shapes.

Daily, we will still be practising our mental maths especially times tables (both as multiples and divisions) to help us become efficient and confident at our arithmetic skills.

House Challenges/Events

This term we will become entrepreneurs in this year's **fiveer challenge**. The children will be setting up

Ukulele! We will be building on the skills learnt from Year 3

PHSE— Celebrating Difference
ICT— E-safety (cyberbullying)
