Dear Parents

PARKING IN STOCKWELL AVENUE

We have recently received a telephone call from one of our neighbours who lives in Stockwell Avenue, which is the road leading to the new estate opposite us.

A parent parked across our neighbour's drive whilst dropping off his/her child in the morning. At the same time, our neighbour was in her car intending to leave for work, but was unable to do so due to the parent's car, which was totally blocking her driveway. As a result, our neighbour was late for work that day.

I would ask you again to please think carefully about where you park, and ensure that your parking is considerate, legal and safe.

Thank you.

Yours sincerely

Liz Town
