

Year One

Autumn 1

Maths- Power Maths! Half term focus:

We will be using part part whole models to split our numbers and will begin to solve addition and subtraction sentences. We will also be counting in 10s, and singing our 10x table song.

$$7 = 5 + 2$$

$$7 - 5 = 2$$

$$7 - 2 = 5$$

Make a big loop, just like so. This is the way to make zero.

A straight line one it is fun.

We will be focusing on number formation.

Around and back on the railway track makes two, two, two.

Around the tree and around the tree. This is the way you make a three.

Down and across and down some more. This is the way you make a four.

With a straight neck and a round tummy, put his hat on, five sure looks funny.

Down to a loop, the six rolls a hoop.

Across the sky and down from heaven. This is the way you make a seven.

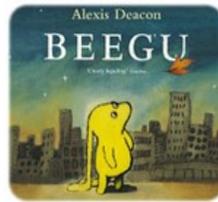

Make an S and do not wait. Climb back up to make an eight.

A loop and a line makes a nine.

BEEGU!

Our Space topic this term will be launched by introducing our fantastic Power of Reading book 'Beegu'. This book is about a friendly little creature who ends up on earth wanting to make friends. When reading we will use De Bono's red thinking hat to reflect on characters feelings which will link

into out PSHE Jigsaw lessons based on our own feelings and emotions. In Literacy we will be writing sentences based on the

text including questions to Beegu. We will be writing stories, exploring the beginning, problem and resolution story plan format. We will work hard practising the common exception words (words that do not follow the common phonetic spelling rules of the English language or where the usual rules act in an unusual way). **For example: like, said, school, today, love, where**

De Bono's Six Thinking Hats

Blue Hat Thinking - Process
Planning for action

Red Hat Thinking - Feelings
Intuition and gut instinct

White Hat Thinking- Facts
Information and data

Yellow Hat Thinking - Benefits
Positives, plus points, true points

Black Hat Thinking - Cautions
Difficulties, weaknesses, false points

Green Hat Thinking - Creativity
Alternative ideas, possibilities
Finding solutions

- Tues 24th Sep- Alien dress up day
- Tues 1st/ Thurs 3rd- Parents evenings
- W/c 7th Oct- dress rehearsals
- Tuesday 15th October Class 5 performance- 9.30- 10:30
- Wednesday 16th October Class 6 performance- 9.30-10:30
- Thursday 17th October Class 7 performance- 9.30-10:30
- Friday 18th October Class 4 performance- 9.30-10:30

Physical Education with Mr Keenan

This term in physical education we will be participating in the team game netball. We will work on our throwing and catching skills which will include passing the ball in different ways such as chest pass and bounce pass, while avoiding a defender.

Science: Our body and our senses

This term we will be learning about the basic parts of the human body and exploring our 5 senses. We will identify, name, draw and label the basic parts. We will say which part of the body is associated with which sense, identify and classify and record our data to help us to answer questions. Children will be encouraged to use descriptive language when recording and discussing.

Key words; backbone, chin, ears, elbow, eye socket, fingers, foot, feet, head, hearing, hip, human, neck, nose, ribs, senses, sight, spine, smell, taste, thigh, toes, tongue, vertebrae, wrist.

Art with Mrs Brown

We will be using drawing and painting to share our ideas, inspired by the Swiss-born artist Paul Klee whose highly individual style was influenced by movements in art .

Key Words; line, shape, colour

Music with Mrs Mills

In our music sessions we will be using our voices expressively and creatively in preparation for our performance of 'The First Kids in Space.'
