

# MALCOLM SARGENT PRIMARY SCHOOL

Love To Learn

17 July 2020

Dear Parents/Guardians of FS2020-Current Y6 Children

## UPDATE ON SEESAW

We have recently become aware that some children may be having issues accessing Seesaw. It transpires that the initial codes lasted for three months only and therefore expired on 17 June 2020. If you do not log out, your access will continue unhindered so **please do not log out!** If you have logged out, changed device or never logged in, the original codes issued to you will have expired. If this is the case, please email Liz Town at [liz.town@malcolmsargent.lincs.sch.uk](mailto:liz.town@malcolmsargent.lincs.sch.uk) who will be checking her emails on an ad hoc basis across the holidays and will be able to send you a new code. This will be a 12 digit code and not a QR code.

Please be aware that the expired codes issue will not affect FS 2020, current FS and current Y1 children. Current Y4 children have had a new code issued to them already so this should only apply to children in Y2/3/5/6.

Whilst writing, I would like to take this opportunity to explain the difference between the Seesaw accounts for parents and students, as they are slightly different. The children should be completing work and activities when logged into their personal student account. Parents can monitor activities, journal lessons and messages through the parent account. The main difference is that the parent account has an inbox function directly from parents to teachers, to which students do not have access. Parent log-ins will be sent out again in September for anyone who has not yet signed up.

Yours sincerely

Miss Brittany Fovargue  
Head of Year 5
