Dear Parents

VIDEO PROSPECTUS FOR PROSPECTIVE PARENTS

As the pandemic continues, we have to consider alternative ways of working. The open mornings for our new FS 2021 parents are now at the forefront of our minds and we have decided that a video prospectus, uploaded to our website, would be the best solution. This will also be used for future prospective parents across all year groups.

For this, we would like to film some of our pupils, either in class or in short interviews, together with a tour of the school which could include some remote filming of children on the field or playground for example. We envisage that this film may remain on our website for some time, possibly be after some of the children have left us. No names will be used in the filming.

If you are happy for your child to be included in this video and that his/her images in the film can continue to be used after he/she has left us, please give us permission on the form now available in Parentmail Forms. The form will be open and available for ten days, closing at 0900 on Monday 28 September 2020.

Once the video is complete and available on our website, we will, of course, let you have the link so that you can watch it.

Thank you for your continued support.

Yours sincerely
